Workforce Housing

TEAMWORK: Sleeper Bunkhouses for small groups of 6-12, so workforce teams can bunk together, promoting teamwork. Custom-built with Workforce Comfort as the blueprint.

RESTFUL SLEEP: Our 10" TruComfort Sleep System is a better, thicker mattress.

UNITS: 3,000 beds within 24-48 hours of notification.

SPECS: Each bunkhouse is equipped with fire safety, USB ports, electrical outlets for entertainment or CPAP needs, personal storage pockets, and egress windows with shades for crews needing to sleep during daylight hours.

**TruComfort
Sleep System**

REDUCED FATIGUE / INCREASED SAFETY / HIGHER PRODUCTIVITY

Our "Better/Thicker" Mattress provides a "Best in Class" Sleep Experience. At 10" thick, our TruComfort Sleep System provides a great night's sleep for your Emergency Workforce and Base Camp Personnel.

Executive Quarters

Superior RV Trailers for Management Housing, First Aid and HQ Quarters with meeting space, kitchen, bathroom and high-quality bedding.

Common Area Tents

Our climate-controlled high wind tent structures for Dining and Relaxation, plus Catering Operations, can be adapted for any size workforce.

Interior and Exterior Flooring

ArmorDeck® ground protection flooring is installed to provide safe, stable and easy-to-clean flooring for the centralized Dining area, Kitchen area and First Aid stations. Exterior flooring is also installed throughout camp to provide a stable and sturdy ground cover for your workforce.

Our clean, modern Restroom Trailer and Shower Trailer Facilities plus On-Site Laundry Services make the workforce experience feel like home. First Aid Station with qualified personnel, HQ Office Quarters, and ADA Compliant Hygiene Units are also available.

Shower and Restroom Trailers

On-Site Laundry Service

First Aid Station

On-Site Power Generation

We utilize State-of-the-Art Back-Up Generators and Equipment meeting Tier 4 compliance-- to keep Base Camp powered 24-7.

Light Towers

Generator-powered, newest technology, LED light towers provide energy-efficient continuous light source on site.

Water Services

MLU provides complete Water Services to include safe and continuous fresh water supply and grey water removal.
