Temporary Housing

As a prime and a subcontractor, MLU has provided full lifecycle services for 50,000+ temporary housing units in support of FEMA missions. MLU was awarded. FEMA contract for temporary haul and install of mobile homes/travel trailers in CONUS, Prime Contract 70FB8018D00000013. Under this Contract MLU executed two task orders, one in North Carolina and one in California. MLU is a licensed mobile home installer in TX, NC, LA and FL. The California mission also included a task order for temporary housing related to the Camp Fire, the deadliest and most destructive wildfire in California history. MLU was tasked with building all necessary infrastructure and utilities to accommodate 400 temporary housing units on 71 acres for displaced Camp Fire survivors in Gridley, CA. A rapid emergency response project, MLU was given less than 80 days to complete the project from ground break to survivor move-in. MLU and its subcontractors met that deadline and built the group site.
